## The Return of Sherlock Holmes Adventure XXX – The Adventure of the Dancing Men

Abe Slaney was up to his tricks  
When he drew all those figures like sticks.  
Hilton's Elsie wasn't bad,  
But the ending was sad  
As a tear-jerker film at the pix.

Sandy Kozinn

Hilton Cubitt came from England's east coast  
As a solver of puzzles Holmes did boast  
Cubitt's dear wife of only one year  
Found the dancing men to instill great fear  
Because she was afraid she'd be toast

Karen Olson

At first Cubitt thought they were quite quaint,  
Till the figures caused Elsie to faint,  
'Twas Abe Slaney who wrote  
The weird men as a note,  
And this Slaney was clearly no saint.

Bill Dorn

Holmes asked to deduct figures of stick  
A coded cypher is used to trick  
Elsie had once fled Abe  
Leaving the U.S.A.  
The code brings Abe back lickety-split
