His Last Bow Adventure XLVII – His Last Bow

A retired Holmes made one final bow.
Through his acting, he showed us, and how,
 That a man with his skill
 And unshakeable will
Does the job. Would we had him right now!

Sandy Kozinn

Before the first war Holmes acted like a German spy
To make an arrest that would make Von Bork cry
 He left his bees to work again with his friend
 He said, coming to England is a rough east wind
And 500 pounds he ripped off from the bad guy

Karen Olson

As Altamont Holmes fooled Von Bork,
He tied him up then applied torque,
 With a pat on the head,
 Holmes so quietly said,
“He’s done so just stick in a fork.”

Bill Dorn

For two years Altamont was his guise
Fake info he gave to German spies
 They toasted with Tokay
 Van Bork they did waylay
Helping to win the Great War the prize
